

Ribbon Wreath

get started

It's Easy!

Learn how to make a ribbon wreath the easy way, with burlap ribbon. This tutorial is for a ribbon wreath that is super simple, but beautiful! Anyone can learn how to make a ribbon wreath in literally just a few minutes.

Supplies Needed

- 14" Wire Wreath Form
- 3- Rolls of 3.5" x 15 ft of wired ribbon
- floral wire
- Scissors
- A complementary ribbon for hanging the wreath
- Hot glue gun & glue sticks
- (Optional) Any additional embellishments

1

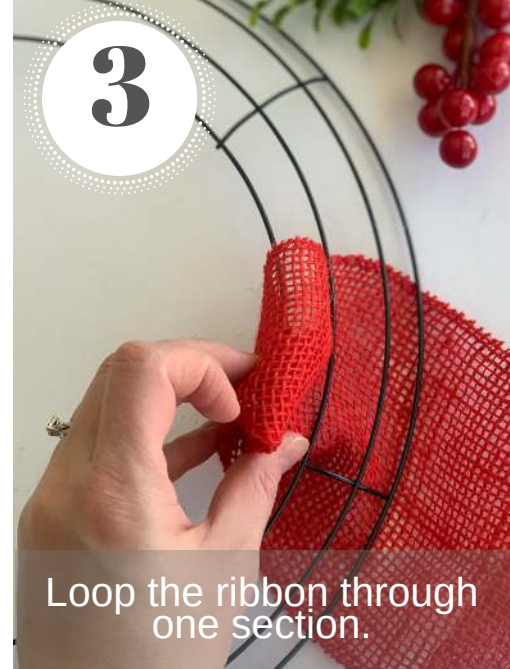

Unroll your ribbon. Fold end into half.

2

Attach the folded end to the wire form with floral wire.

3

Loop the ribbon through one section.

4

Loop the ribbon through second, and third section.

5

Twist the ribbon on the back side of wreath.

6

Repeat loops again. Twist on back side. Then scrunch.

7

When you get to the end of the ribbon. Attach with wire. Then start w/ next roll from #1.

8

When wreath is full. Add embellishments with floral wire..

9

Hot glue a ribbon on top of wreath to hang.
